

Zura is the result of our desire to ferment Hondarrabi Zerratia grapes in a clean and light oak vat. It is a wine that perfectly respects the character and personality of our indigenous grapes.

Zura was born from the desire to respect the original character of our Hondarrabi Zerratia grapes. The must is fermented in a French oak vat with a capacity of 5,000 liters, and, when the fermentation turns into wine, it is bred with its fine lees for two months and for a further 8 months in the vat itself. We seek the perfect combination of fruit, wood and lees, so that the wine matures in the bottle for long months. A wine with its own personality, refined and full-bodied that will grow in nuances and intensity with the passage of time. It combines perfectly with grilled fish, white meats and smoked cheeses.

TASTING NOTE: Clean and intense aromas of ripe white peach and citrus, grapefruit, apple. Toasted bread, pastry, and subtle notes of oak can be also appreciated. The body is powerful, accompanied by a subtle smoky aroma of toasted butter and delicate acidity. This wine has long life and fantastic evolution.

Type of Wine: Txakoli Berezia

Vineyard: Urizar

Vineyard surface: 3 hectares

Varieties: 100% Hondarrabi Zerratia

Planting year: 2003

Average production: 6.000 kg/hectare
